The dedication of the 1953 SUNDIAL to our Principal, Mr. C. C. Miller, is an honored privilege shared by the entire student body. Mr. Miller was new to Sunset as principal at the time this June class was entering Sunset. He is not only a close friend of the students but also an able leader. We are thankful to be able to dedicate this book to such a man.

Foreword

The school year of 1952-53 is nearing its close. We have all left footprints in the sands of time, some deeper than others, but we have all left an impression.

As our theme we have chosen a salute to the other Dallas high schools, which we feel should be recognized for the part they have played in giving us the pleasure of friendly competition in interscholastic activities.

While looking through this yearbook, you will, we hope, be able to recall with happiness the events pictured within. This book has caught glimpses of school life here and there so that if you recall pleasant memories and a few tears, we have achieved our goal — that of serving you.

C. C. MILLER, PRINCIPAL

Dear Seniors:

Today, you are about to arrive at the milestone on the highway of life to which you have been looking forward for many years. I hope that the journey thus far has been both beneficial and happy. As you journey down this highway, may it be paved with good health, peace, happiness and success in all that you do. May each new day be the beginning of a newer, better and truer life for yourselves, for those around you and for the world.

No matter what your position may be in life, always remember that you have within you infinite, untold strength and possibilities; and when you arrive at the end of the road, may you have so lived and believed that you will be prepared to hear - "Well done."

Your friend,

C. C. Miller
